Factory—47, ST. GEORGE STREET, E.

6 & 7, West Smithfield,
LONDON, E.C.

November, 1911.

WE HAVE PLEASURE in submitting for the approval of our customers this enlarged and varied edition of our **Catalogue and Price List**, and trust the great advance we have made in all departments to meet the growing necessities of our business will prove to our friends that we are anxious to keep pace with the continual demand for new and improved **Butchers' Scales, Outlery, Sausage Machinery and Appliances** so requisite for the modern system of trading, and no trouble or expense will be spared to maintain our reputation for quality and design, without increasing our prices, which we are sure will be appreciated.

We would call your attention to our

NEW LION QUICK ACTION WEIGHING MACHINES,

which are now fast superseding the old slow scale. CALL and SEE THEM.
Shown on pages No. 16 and 17.

REPAIRS TO WEIGHING MACHINES.

FOR A SMALL YEARLY CHARGE

We send experienced Scale-Makers to Clean, Test, and Adjust all descriptions of Weighing Machines and Weights, you then know that everything is correct in accordance with the **GOVERNMENT REGULATIONS**.

MAY WE QUOTE YOU OUR TERMS.

Our own Vans collect and deliver, and we lend you a suitable Weighing Machine for use in the meantime.

Our Outlery and Tools have now become so well known, being used by most of the leading Butchers in town and country, we have no hesitation in saying that they cannot be excelled for quality, workmanship and price, as they are all **Hand Forged from the Best Double Shear Steel** and tempered by the most skilled workmen. We guarantee all our tools, and willingly exchange any should there be a fault in the manufacture.

Our Patent Smooth Cut Steels will be found a most useful addition to the trade generally, and rightly deserve the reputation they have acquired.

The "Lion" Ticket Pin, for use in delivering meat, has now entirely superseded the old Wooden Pegs.

Our Sausage Seasoning has now become so well known that it only needs a trial to test its qualities, which will account for its enormously increasing sale.

HERBERT & SONS, having unequalled facilities for Fitting up **Butchers' Shops, Slaughter Houses, Cool Rooms, and Refrigerators** and Machine Rooms, with every requisite, can guarantee any Orders placed in our hands will receive our prompt and individual attention,

Experienced men sent to any part to take measurements and submit estimates, Free of Charge.

Terms—CASH WITH ORDER WILL PREVENT DELAY.

Customers not having a Ledger Account are requested to forward Cash with Order, or London References.

All Orders amounting to **£2**, Carriage Paid to any Railway Station in England, with certain exceptions. Blocks, China, Marble, Glass, &c.

Packing Cases charged and credited when returned Carriage Paid.
