My Dear
Brother

I received
your ever welcome and affect-
ionate letter, and was sorry
to hear that you were not
improving, am in health, but
I hope this will find you some
better. I am glad to say I
believe I am better than I was
at the last time I wrote. but
my health is so irregular, no
two or three days alike. but
take it altogether I am better
than last week. and I shall
say no more on this subject
this time. I would have

liked much to have had a visit from Mr & Mrs Pilgrim when they came to this U.S. but then the distance from New York City to Dayton is too far, it is between 800 & 1000 Miles. Americans do not consider that distance much of a journey for this large Country. I am not surprised to hear that you do not like Tomatoes, I was a good while before I got used to them. but now I am very fond of them.

Dear Mother. The cash that I received from you through your ever great kindness in August is getting pretty low and will be gone by the middle of Nov^r. Will you please send me a little more. sometimes I think that this Winter

the Pension Bill will pass
and become a Law, but it is
all Politics and that is very
uncertain. Dear Brother
on the 17th Nov^o will be my
Jubilee Birthday. I did not
think last year that I would
live to see it. But I am
thankful to the Almighty God
for preserving me to the present
time. but I assure you that
I feel a great deal worse in
even ~~the~~ way than I did this
time last year. The American
newspapers have had a great
deal to say lately about the
City of London electing a
Roman Catholic and a man
of foreign birth for a Lord
Mayor of the City. I was sur-
prised to see it myself. I
am pretty comfortable in my

"Old Ward, but the often
changing of Nurses and now
of The Ward Master, makes
it not quite so pleasant for
a while. The Ward Master
that has left had been in
this Ward ever since I came
in it myself. and I was very
soon he left. The Weather
now is cold and clear with
a frost nearly ever night.
The leaves are falling fast from
the trees, and it begins to
look like Winter is near. I
will not say any more this
time except excuse this mixed
letter and give my kind love
to my Brothers and their
families and accept best love
yoursself and
Believe me

Your affectionate Son
Thomas B. Colburn.
